*A Decree is a cosmic command, a Light code that goes to work immediately when spoken or whispered or thought or written. They part the clouds of worry, confusion and despair and return us to the Light we are.*

*Know more about them and their OG Mistress,*

**Nidhu B Kapoor**

## 25 COSMIC QUESTIONS THAT SHIFT YOUR REALITY!

*A question Decree is also a cosmic command for us to immediately shift into Better, Lighter, Brighter frequencies and require NO answer! You may get an answer, you may wish to ponder on some of them and that's fine but remember, they will work nevertheless.*

*They are called question Decrees because they sound like questions but actually they are gateway statements - gateways to open our mind, eyes, heart and spirit to thinking, feeling and taking inspired action. That is why there is an ! and Z after the question mark*

*The shifts these gateway statements bring will show up in your life today itself - Have water and take your time to read thro them - some of them require you to think and fill in the blanks*

*Make note of the ones that resonate most with you.*

*These are the ones to be said 3 times once a day*

*There is no limit on how many you can say in a day*
